BIG INDIAN WANTED NOW IN DAYTONA

TO EXPLAIN WHY HE ISSUED WORTHLESS CHECKS IN CITY

REDSKIN REPRESENTED HIMSELF AS EMPOYE OF UNCLE SAM AND HAD A GOOD TIME IN THIS VICINITY.

The authorities are looking for John Strongheart, the big Indian who spent the greater part of last week in and around Daytona, and most of that time comfortably resting in the rear seat of an automobile, and any information as to the whereabouts of the big Redskin will be thankfully received by the local police, or LaRue Williams.

The particular reason why the police want to get trace of Strongheart is because they want him to answer a charge of passing worthless checks, and the reason LaRue Williams wants to say a few things to the Redskin is because he has a bill of $201 for automobile hire, which these worthless checks won't pay. Incidentally there are a couple of other automobile owners in Daytona, who hold either valueless checks or bills, for which they would like to see real money.

Incidentally it is believed the big Indian has been passing worthless checks in other sections of the state and the authorities would like to hold him until they can get word from places where they know he has been.

The last seen of Strongheart he was dropped by a chauffeur employed by LaRue Williams at a turpentine camp between this city and St. Augustine, the driver being paid for his time and the use of the machine with a check on the Merchants bank of this city. When the driver returned to this city and presented the check at the bank it was stamped "No Funds," and refused. That is what started the investigation.

Strongheart is supposed to be the Indian lawyer who came to Florida recently to conduct the investigation into the murder of a Seminole Indian in the Everglades west of Miami. He came from Oklahoma, bringing with him the reputation of being a highly educated and particularly intelligent Indian attorney, and the idea of having him come to Florida was that he might conduct the prosecution of the murderer of the Seminole, after the guilty man had been caught. The Seminole is supposed to have been killed by a white man, the last person seen with the Indian.

The first appearance of Strongheart in Daytona was a week ago last Monday, the day the carnival came to town, and the citizens generally supposed he was a part of the carnival. Soon after he landed here he hired an automobile and started for a ride about the city. He spent most of his time for several days riding about the city, on the peninsula and into the country, giving the information, confidentially, to a few persons, that he was employed by the United States government to trace illegal sales of liquor to the Indians in Florida and help prosecute the men who did the selling.

Prosecuting his search for illegal liquor sales, apparently, he hired an automobile and driver from LaRue Williams and went over into the interior of the state, and visiting a number of towns, spending money and apparently having a good time.

When he returned from the interior trip he decided to go to St. Augustine, and the driver was instructed to take him in that direction. On the way to the Ancient City the driver was instructed to stop at a turpentine camp, was paid for his services and the use of the car with a check on the Merchants bank, and dismissed.

That was the last seen of Strongheart, but the wires are kept hot in an effort to locate him today.

In addition to the checks on the Merchants bank passed out by the big Indian, he is said to have given some checks on the Island City National bank of Key West.

F. J. NIVER AGAIN HEADS LOCAL ELKS

DELIGHTFUL SOCIAL SESSION AT ELK HOME TUESDAY NIGHT

ANNUAL ELECTION OF OFFICERS FOLLOWED BY SOCIAL SESSION IN WHICH WIVES, SISTERS AND DAUGHTERS JOINED.

After the regular meeting of Daytona Lodge No. 1141, B. P. O. Elks Tuesday evening, a social session was held which included the wives, sisters and daughters of the members and a number of visiting Elks who were in attendance. The invitation had been extended to the ladies particularly as a token of appreciation of their valuable aid in making the recent Elks' carnival so great a success and for their help in various other ways.

The handsome banquet room of the Elks' building was well filled with Elks and members of their families, who entered with evident enthusiasm upon the dispatch of the "Dutch" supper provided for the occasion. Following the refreshments there were short addresses by several of the visiting Elks and members of the lodge, after which the assembled company was pleasantly entertained by a Hindoo magician with a number of slight of hand tricks and hypnotic exhibitions. Another delightful feature of the evening was several selections by the Johnny Jones carnival band, which had entertained the Elks on a previous occasion, every number being received with hearty applause.

At the session of the lodge, held before the social session, the annual election of officers resulted in the following members being chosen to serve the organization for the ensuing year:

Exalted ruler—F. J. Niver.
Esteemed leading knight—E. J. Mills.
Esteemed loyal knight—N. H. Clark.
Esteemed lecturing knight—Geo. F. Smith.
Secretary—Geo. F. Crouch.
Treasurer—F. N. Conrad.
Tiler—Chas. Nusbaum.
Representative to grand lodge—T. E. Fitzgerald.
Alternate—J. D. C. Morris.

FAMINE THREATENS IN ENGLAND AS RESULT OF COAL STRIKE

MOB FORMS AT SUNDERLAND AND WOMAN LEADS RAID ON COAL DEPOT, CARRYING AWAY SUPPLY OF FUEL.

LONDON, March 6—The isolated regions are threatened with a famine today as a result of the tie-up of the railroads by lack of coal. The railroads have abandoned many trains and freight traffic has been reduced to a minimum.

Many industrial plants are closing down every day and the number of idle workmen now numbers over 2,000,000.

A mob formed at Sunderland today, and, led by a woman, made a raid on the coal depots, craying off a large supply of fuel.

Strike Threatens Here—

NEW YORK, March 6—Both the miners and the coal operators are firm today in their refusal to accede to the demands of the other, and the biggest coal strike in many years appears to be unavoidable.

The miners are demanding a 20 per cent. increase in wages and the operators say this is beyond all reason.

BAD STORM IN NORTH TODAY SCHOOLS FORCED TO SUSPEND

ATLANTIC STATES SUFFERING IN GRIP OF BLIZZARD WHICH TIES UP RAILROADS AND CAUSES MUCH TROUBLE.

RICHMOND, Va., March 6—Virginia is being swept today by the worst storm in 15 years. The snow is now a foot deep and it is still falling. Street car and railroad traffic is demoralized and the schools have been forced to suspend for the first time in many years.

Snow at Washington—

WASHINGTON, March 6—A heavy snow storm prevails here today. The mercury stands at 40 above.

PRESIDENT OF CHINA GETS CONTROL OF SITUATION AND PROCEEDS TO BEHEAD MUTINEERS AND OUTLAWS.

PEKING, March 6—President Yuan secured complete control of the situation in China today. Terrible punishment is being inflicted on all mutineers and pillaging outlaws.

One batch of 150 has been beheaded and the streets around the place of execution have been turned into a lake of human blood, with the headless human corpses tossed into high piles. Even the hardened soldiers have been sickened by the hideous spectacle.

The severed heads have been stuck on the ends of bamboo poles and carried through the principal streets with written warnings appended.

One Missionary Killed—

TIEN TSIN, March 6—An English missionary was shot to death during rioting at Ching Ho today. Many Chinese have been killed, the town has been burned and property pillaged.

DAILY STOCK MARKET REPORT.

NEW YORK, March 6—Stocks opened irregular, but later became rather firm. Steel and Union Pacific were an eighth lower, while Southern, Southern Pacific and Canadian Pacific were a half higher. Cotton was steady at one to five higher with May $10.41 and July $10.52.

Wheat Market Dull—

CHICAGO, March 6—Wheat opened dull and a quarter lower with May at $1.00 3-4. Provisions were unchanged with May pork $16.17, lard $9.40, ribs $8.85.

AMBASSADOR SENT TO MADERO TO ASK A POINTED QUESTION

STATE DEPARTMENT WANTS TO KNOW IF STATEMENT FROM MINISTER IS ISSUED AS A DIRECT THREAT.

WASHINGTON, March 6 — The state department of the United States government will demand that President Madero of Mexico say whether or not the statement of Manuel Colaro, minister of foreign affairs, that all American citizens will be held as hostage against American invasion, is a threat from the Mexican government.

Ambassador Wilson will be instructed to call on President Madero immediately and learn the exact attitude of the administration in Mexico.

Chihuahua Made Capital—

CHIHUAHUA, March 6—This city was today made the provisional capital of Mexico. General Orozoco is dominating the situation and maintaining order. All saloons have been closed.

COUNTERFEITERS CAPTURED IN RAID IN WEST VIRGINIA

FEDERAL OFFICERS BELIEVE THEY HAVE LANDED MEN WHO HAVE FLOODED COUNTY WITH BOGUS COINS.

WHEELING, W. Va., March 6—In a raid near Thacker, West Virginia, Federal officers arrested three brothers, against whom are lodged charges of counterfeiting. The prisoners are James, John and William Stevens.

This is said to be the most important counterfeiter raid and capture in the history of the government. For some time eastern Kentucky and West Virginia have been flooded with the most perfect counterfeit five dollar gold pieces ever known to the secret service.

"Let the Daily News job department figure on that printing matter.

CAPITALISTS FORM A UNION AT CLARENDON

KNOWN AS "HOOK-UP UNION" AND RULES ARE VERY STRICT

RICH MEN HAVE SCHEME TO REVOLUTIONIZE THE LADIES' TAILORING BUSINESS AND RELIEVE A STRAIN.

A few eastern capitalists met at the Clarendon hotel last week and organized a union, which they expect will revolutionize the ladies' tailor business, and ultimately have every lady's garment so constructed that it will hook down the front, and thus relieve the poor, rich man of one of the humilities now pertrated upon the really rich.

The union is organized under the name of "The Hook-Up Union," and the rules are few, but must be observed, or the member disobeying suffers himself to various tortures. Space will not allow a full list of the rules, but a few are as follows:

Rule No. 9.—After 6:30 p. m., on March 4, 1912, no member of the "Hook-Up Union" will be allowed to hook up a black garment with black eyes, attached or otherwise obtained. Any lady with a blue dress must have blue eyes, but all puffy, fluffy white garments must be equipped with black eyes.

Rule 73.—No member will be allowed to attempt to hook up any garment of which the outline at hook and eye point runs as crooked as the west coast line of Florida, between Tampa and St. Petersburg.

Rule 81.—All garments must be hooked from the waist line up.

Rule 83.—If there is one hook left at the top the hooker must tuck the goods in around the neck in a neat and workmanlike manner.

Rule 88.—If, on completion, there are two or more hooks protruding above the eye-side of the garment, the hooker will be allowed to express his feelings by exclaiming in a weak, sbsided voice, "O pshaw," or "My goodness," and immediately unhook and repeat.

Rule No. 89 is probably the most barbarious of all, and reads as follows: Any lady found ordering a member to follow her to her room, in a loud or unkind voice, or in a tone calculated to attract undue attention (especially in large crowds), will be put on the unfair list, and treated as per Rule No. 92.

Members are informed by the president that the membership is 3,100, with four barrels of applications. which are held up at the union's headquarters in Atlantic City, on account of the factory not being able to turn out the lapel badges as rapidly as applications come in.

KNOX REACHES MANAGUA GETS FRIENDLY WELCOME.

MANAGUA, Nicaragua, March 6 Secretary Knox and party received a most friendly welcome on arrival here today. Many natives cheered the visitors. The members of the party will be entertained at a banquet tonight.

PRESIDENT TO ANSWER ROOSEVELT

STATEMENT OF HIS POSITION WILL BE MADE NEXT FRIDAY

EXECUTIVE TO MAKE HIS FIRST POLITICAL SPEECH SINCE MR. ROOSEVELT ANNOUNCED CANDIDACY IN TOLEDO.

WASHINGTON, March 6.—President Taft's first political utterance since the announcement of Colonel Roosevelt's candidacy will be made in Toledo, O., Friday, when he will speak before the Commerce club of that city.

The next day the president will go to Chicago, where he will speak three times and perhaps four. Two of these speeches will be political and the remainder will not.

The Toledo-Chicago trip will be used by Mr. Taft to reply to the Columbus speech of Colonel Roosevelt, and will be made the occasion for the acceptance of the challenge contained in the Roosevelt announcement of candidacy.

The president is being urged by some of his friends not to precipitate a personal controversy between himself and Colonel Roosevelt by "calling names" in any of these speeches and not to make pointed reference to the Rooseveltian arguments with or without names.

These friends take the position that, under the circumstances, a dignified attitude on the part of the president will win him more favor than would a pitched battle and that a bitter conflict would do more to divide the party than all the difference of opinion that ever existed as to issues.

There are some reasons to believe that this class of the president's advisers is making headway. Mr. Taft has told friends that he does not mean to run the former president though, either in these speeches or in any to come. He has not yet promised, however, to let the Columbus speech go unanswered and stand as good republican doctrine.

There are others among the close friends of Mr. Taft, who do not believe a milk-and-mush campaign, as it has been described, will win the fight for the nomination. They take the position that, unless Mr. Taft meets attack by attack, the country will not be impressed with the president's claims upon his party, and that he will lose support which he would otherwise have and which is his by every right.

In any event the president will make a reply of some character to the colonel's arguments and he will have the attention of the whole country when he does it. He has himself indicated that he will make this reply on the installment plan.

The first real sign on the part of the president that he was losing patience under the Roosevelt fire and that he was about to deliver himself and do it with force came when he issued his White House statement forming a little Ananias club of his own and effectively making the colonel honorary president of the organization.

The former president has made some pointed references in his Columbus speech to the fact that the people of the United States are fit for self-government. The president has been quoted in hundreds of newspapers as saying that all people were not fitted to govern themselves. Mr. Taft suspected that the Roosevelt shot was aimed straight at him. Therefore, the return fire was naturally directed in the colonel's direction.

The festivities started by the presentation of an enormous brass key to the city. When the guests were seated in the dining room with a beautiful birthday cake occupying the center position on a table decorated with flowers and palms the speech of welcome was made by S. J. Freddy of Elmira, N. Y., to which Mr. Burford responded in able fashion. Following the feast a basket of remembrances was brought forth, a present from each guest of the house being carefully brought forth, one at a time. Mrs. Julius W. Brown read an original essay. During the evening the "O Hush" quartett again entertained, and the evening closed by the guests wishing Mr. Burford many happy returns of the day.

The Unexpected.

It was on a Newton-Brighton surface car. The conductor was calling out the names of the streets. Suddenly he called in a clear, loud voice, "Eleanor, Eleanor!" Imagine the passengers' surprise when a small, pretty young lady looked up from a book and said, "Well, what is it?" There is a difference of opinion as to whether the joke was on the young lady or the conductor.—Boston Journal.

WOMEN LIFTED FROM DEEP GULF OF DESPAIR

Eliminating the use of dress shields is, to the woman who has been a constant victim of expense, discomfort and embarrassment, like being lifted from a deep gulf of despair into sunshine and happiness.

Scientific research has proved that the condition necessitating dress shields is due to abnormal, unnatural state of the skin glands and cannot be removed by such artificial means as cloth pads, nor by application of powders, but only by introducing into the skin glands a harmless liquid antiseptic like Odor-o-no. Odor-o-no is worth its weight in gold to the woman so affected.

Great Premium Offer

THE circulation of The Gazette-News is already large but the publisher is determined to add several hundred more names to the list and in order to do so makes several offers that you cannot afford to miss.

We want to give every housewife in this country a new pair of SHEARS—not that we think you are out of shears at your home but we know that no matter how many pair of shears you have, you will appreciate a new pair, especially the Eureka Trimmer Shears, which is a superior shear in every way to the ordinary pair of shears generally used in the everyday household.

This is not a philanthropic movement on our part nor a plan to disburse charity, nor is it a scheme to force people to buying something they do not need. We have learned the value of the housewife's good will, and this will be considered by us in offering these

Eureka Bent Trimmer Shears

We have bought another gross for distribution and those who do not respond to our offer immediately may not be able to get a pair. If you want to secure a pair

ORDER THEM RIGHT NOW

then you will be sure of receiving your shears. This is a very liberal offer and one that can be taken advantage of by everyone in this country, and we want readers to our paper. We believe this offer will more than satisfy the most exacting subscriber.

Send us $1.50, and six cents additional if you desire the shears mailed, and we will send you the GAZETTE-NEWS FOR ONE YEAR AND A PAIR OF THESE SHEARS ABSOLUTELY FREE. This offer applies to either new subscriptions or renewals

FIGHT FOR EDDY ESTATE IS ON AGAIN

ATTEMPT TO BREAK THE WILL WILL BE MADE BY RELATIVES

CASE AGAINST THE MOTHER CHRISTIAN SCIENCE CHURCH TO BE REOPENED IN NEW HAMPSHIRE TOMORROW.

CONCORD, N. H., March 6.—The fight to break the will of Mary Baker G. Eddy, who was head of the Christian Science church, will be reopened in the supreme court here tomorrow morning, when the case of Mrs. Eddy's son and adopted son against the directors of the mother church will be brought to trial after having been dragged through the courts of Massachusetts and New Hampshire for the last year.

Before her death Mrs. Eddy made an agreement with her son and adopted son by which they were to receive $300,000 each, and pledged themselves not to contest any legal disposition she might make of her estate by will. Counsel for E. J. Foster Eddy, Mrs. Eddy's adopted son, and George Glover, her son, will endeavor to show that this so-called settlement was not binding because of the fact that her will did not conform with the laws of either Massachusetts or New Hampshire, when she bequeated the bulk of her $3,000,000 estate to the mother church of Boston. The laws of both states prohibit the donation or bequest of an estate, the income of which exceeds $5,000 a year to any one church. Therefore, the plaintiffs contend that Mrs. Eddy did not make legal disposition of her estate by will, as set forth in their agreement.

Counsel for Mrs. Eddy's sons advanced this and many other arguments in the preliminary hearings of the case, and as they invariably secured results, the lawyers will undoubtedly continue their attack along the same lines in the trial which begins tomorrow.

Among the other contentions that have been made by the plaintiffs in the preliminary hearings and are certain to be repeated in the trial are: That the directors of the Christian Science church, in whose custody and control Mrs. Eddy was at the time she made her last will, influenced her already weakened mind against her two sons and caused her to make bequests that were contrary to the laws of the states of Massachusetts and New Hampshire, that the Christian Science church is not a religion of charity, but a foe to society, a violator of the law and opposed to public policy; and that the granting of such a bequest to the Christian Science church would be against public policy.

The fight for the control of the enormous fortune amassed by Mrs. Eddy had its beginning long before the time of her death, when, in March, 1907, proceedings were instituted in the supreme court in Concord asking for the appointment of a receiver for the affairs of Mary Baker Glover Eddy. The suit was brought by Mrs. Eddy's son, George W. Glover, his daughter, Mary Baker Glover, and George W. Baker, Mrs. Eddy's nephew, who was legally designated as her 'next friend.'

In answering the suit, the defendants exploded a bomb in the camp of the plaintiffs by announcing that the aged leader had transferred all of her property, with a few minor exceptions, to three trustees—Ex-Congressman Henry M. Baker, Josiah E. Fernald, president of the National State Capital bank of Concord, and Archibald McLellan, editor of the Christian Science Journal. McLellan was the only Christian Scientist of the three trustees who were given full power to transact all of her business.

The case dragged along for several months, but abruptly terminated in August, 1907, when Senator Chandler, on behalf of the defendants, moved for a dismissal of the suit on the ground that is purpose had been fulfilled, inasmuch as trustees had been appointed to take charge of Mrs Eddy's estate and she had been proved to be mentally sound.

JUST GOSSIP

BY THE GOSSIPER.

The following letter explains itself:

March 5, 1912.

Editor Daily News.—Your copy of Monday, the 4th, the reporter of the ball game states that an unknown man umpired the game. I wish to inform your paper that I am the unknown you refer to. I was urged to serve and very unsolicited on my part, in fact I refused until the game had been held some fifteen minutes for want of some one to umpire. After the first ball pitched I heard a remark made by one of the pros as to how the game would be played, and such it proved to be—not a ball game but a farce. I got disgusted at once and no doubt I looked hopeless but if so hopeless as you state why did they let me continue? Some of the critics could have had the chance to show what they knew about baseball. I wish to state that I am not the novice at the game that I appeared to be as I have seen more championship games than the Daytona papers have had the pleasure to print in the last ten years.

Respectfully,
W. J. PARSONS, the Umpire,

MADE EQUALS BY LEARNING

With the Same Education, Men Will Lose Their Superiority Over Women.

Rev. Anna Howard Shaw said recently in Philadelphia of an opponent of co-education:

"Perhaps he objects because he is aware that equal education does away with man's superiority. The average man, of course, won't be superior to the average woman when they are both equally well educated. His assertions won't be accepted then unquestioningly.

"Indeed his assertions already are beginning to be questioned here and there. Thus there was a young chap at the seashore last month who on being refused by a beautiful girl said:

"'You have broken my heart.'

"But the girl, a medical student, laid her white hand lightly on his breast a moment, and then shook her head nad said:

"'No, there isn't the least ev'dence of organic lesion. I notice a slight palpitation, due, no doubt, to the excessive use of cheap cigarettes, but otherwise the organ is quite perfect.'"

Perils of Fishermen.

There are countless incidents illustrating dangers and trials in the life of a Newfoundland fisherman. Daily are such experiences recorded in every cove and hamlet around the coast line. Peril amid the billows, peril among the ice floes, peril along the rugged seaboard—that is his heritage and his portion from boyhood to old age. The rescuer today, he may be rescued tomorrow. Life to him has few compensations. It is an unceasing struggle against the elements, a strenuous endeavor to secure the means of existence from a sea which is ever on the watch to work ruin upon him. Wreck, wrath and calamity are the facts which predominate in every Newfoundland village. They have come home to every family and have left a vacant place in every household. The frequency of disaster compels every man to be a hero unconsciously, and if every person who saved a life in this colony were to be awarded a medal, they would be given out every week at least, and for actions as meritorious and as deserving of recognition as any that are so rewarded elsewhere.—Philadelphia Inquirer.

Expensive Bravery.

The manager of a shooting gallery patronized by women was glad to get another pupil, but he could not exactly sympathize with her husband's motive for urging her to acquire crack markmanship.

"One night when she was staying alone up in the country a burgler got into the house," the husband said, "and she had to fire six shots at him before she touched him, and then she only grazed the tail of his coat. It's wicked extravagance to waste cartridges like that, and she's got to shoot."

Science in Fishing.

In taking big catches of haddock if the insides are looked into there will be seen great quantities of herring eggs. The fisherman before casting his lines for haddock greases his sound and tries for herring spawn, for where he finds herring eggs there great numbers of haddock are sure to be.

DIET AND HEALTH HINTS

BUSY WORKERS SHOULD AVOID MIXED MEAL AT NOON.

The employe or busy merchant or professional man who cannot have more than thirty minutes for the noon meal should not eat a mixed meal, including fruits, starches and proteids at that time, but would do better to eat a little fruit and spend his time in the open air, instead of overloading the stomach with a meal which he cannot well digest. The morning meal might in such cases be made of rice and cream or bananas with cream, figs, raisins or prunes, leaving the proteid meal for the evening, which should be eaten as early as possible. There should if possible be an hour's relaxation before eating the principal meal of the day, but it is more important that there should be three hours' relaxation after it.

TELLS OF ESKIMOS

Head of Government Schools Gives Interesting Data.

Went to Alaska in 1890—Describes Experiences in Dealing With Supposedly Savage Tribes, Who Now Raise Reindeer.

Washington.—A few days ago a short, stocky man with a quiet manner, a skin browned by much outdoor life, and the steady eye of one used to looking across great distances, came to Washington with such small fuss that it was more than a week before the reporters were aware of his presence at all. He is W. T. Lopp, head of the government's school system for Eskimos, and a man who has spent most of his life since 1890 in Alaska, seldom "coming out," as he calls a trip down to the states.

Lopp was a Hoosier schoolmaster, a boy just out of college, when the government sent him and another young man up to Cape Prince of Wales on Bering Strait to start an Eskimo school. He expected to remain only two years.

When he went up he and his partner were the only white men living in all of northern Alaska. They went alone into a district where the natives were so dreaded that whalers would not put into port, even for haven in a storm.

"We had some trouble with them at first, but we insisted on having our way. When they saw we were absolutely just and fair with them, their attitude changed.

"That first winter we learned that the Eskimos wanted to own reindeer, but that the revenue officers would not permit the importation. Some of the natives even owned reindeer in the Siberian herds across the straits. And it seemed a shame that they were forbidden to bring their property across from Asia, so near that the Siberian heights could be seen over the water on clear days.

"We appealed to Washington for permission to import reindeer. But other government agents had preceded us in this request. Before we had a reply from our letter that summer a revenue cutter put into port with a shipment of reindeer on board. We were overjoyed to know that the prohibition of the law had been removed and set about getting more.

"In 1892 came the first large importation. We brought in 1,200 that year and from these grew the present herd, scattered throughout Alaska and numbering over 35,000.

"The reindeer policy was gradually evolved. We impress upon the Lapps and Eskimos that the reindeer are exclusively their property and care. For instance, they are not allowed to sell female reindeer to white men, so that the brood animals are to be perpetually in the custody and ownership of the natives.

"The herders are free to breed their animals and sell their calves or stock of any age or sex to the other natives.

"Reindeer are food, clothing and transportation to the natives."

FROZE TO DEATH ON HORSE

Ranchman Bidwell Lost His Life While Driving His Herds to Shelter.

Kansas City.—Many details of privations suffered by ranchers became known.

Frozen to death in his saddle, his horse dead under him, and scores of dead cattle about him, T. C. Bidwell, a ranchman, was found half-buried in the snow near Scott City, Kan. Bidwell lost his life trying to drive his herds to shelter.

The railroads are still fighting for a passage through western Kansas. The Santa Fe has been open to Dodge City, but west of that point the line is blocked by drifts in some places 20 feet high.

Although a rise of from 10 to 20 degrees in temperature has alleviated suffering here and in the southwest, normal conditions probably will not prevail inside of a week. Seven degrees below zero was recorded here.

FEAR CAUSES MAN'S DEATH

Man Frightened When Dog Jumps at Him in Dark, Receives Fatal Injuries in Flight.

Cincinnati.—That terror which seized him when a large Newfoundland dog jumped at him, was indirectly responsible for the death of Frank Staley was the information given Coroner Coe by Dr. Elmer Renner. Staley died at the City hospital of injuries he received recently.

Staley had been employed at odd jobs by various dairymen. He had gone into a barn to sleep and had climbed into the loft when the dog sprung on him in play. Failing to recognize his assailant in the darkness, Staley fled, fell out of the loft, rolled through the door of the barn and over a steep embankment into the bed of a creek, where he was found some hours later.

Kills 275 Rattlers in Day.

Pendleton, Oregon.—James Fix, a Coombs canyon rancher, claims the snake-killing championship of the United States. In one day's crusade he slaughtered 275 rattlesnakes. The skins were brought to this place, where he sold them. In addition Fix received $9.20 a pound for twenty pounds of snake oil which he extracted from the bodies.

Portable Church in England.

An altar, duly consecrated by ecclesiastics, has been installed upon an automobile, the object being to promote mission work in the rural districts of England. It is a portable church.

Good Habits in New York.

"We had a fine sunrise this morning," said one New Yorker to another. "Did you see it?" "Sunrise?" said the second man. "Why, I'm always in bed before sunrise."—New York Ledger.

SENDS VALUED WORKS TO U. S.

[illegible] Collection of Curios to Be Taken to New York by Morgan.

Paris.—The World's Paris bureau is informed that J. P. Morgan has decided to take back with him to America the Hoentschel collection of Gothic works and enamels bought the other day by the financier at an estimated cost of $2,000,000. The collection, which includes some of the most valuable ivory carvings in the world, is still in the home of the former owner in Paris.

Though Mr. Morgan is said to have reiterated, while here, his intention to remove eventually all of his principal art treasures to the United States from London and Paris, his friends say he is not likely to strip his houses in London of their magnificent adornments, considered finer than in any other home in Europe. Ultimately many of the finest of the Morgan treasures will find their way to the Metropolitan Museum of Art.

When he came to Paris from New York Mr. Morgan was accompanied by Dr. Francis P. Kinnicutt of New York and this fact gives rise anew to the query: Is Mr. Morgan in good health, and is he thinking of retiring from business? Apparently he was in good health while here and he got around in lively fashion.

Further comment was caused by the action of the French government in sending two detectives with the financier when he crossed the channel on his way to London.

FORETELLS DEATH OF MANY

Tennessee Seer Predicts Volcanic Eruption in Pennsylvania That Will Rival That of Martinique.

Chattanooga, Tenn.—The Rev. Thomas Clark, a picturesque character who for years has wandered in the mountains of eastern Tennessee and Southwest Virginia, styling himself the "Prophet of the Smokies," declares that he has just had a vision in which it was revealed to him by a divine messenger that during the present year, 1912, a volcanic eruption equal to that of Martinique or Vesuvius will take place in the state of Pennsylvania, and that nearly 900,000 souls will be plunged into eternity without a moment's warning. He asserts he foretold the assassination of President McKinley, the fire at Baltimore and the San Francisco earthquake.

"Sleepy Tom," as he is called by many, travels about the country with no fixed place of residence, and often sleeps in his buggy, drawn by an ill fed horse. The vehicle is plastered with quotations from the bible. He sells nothing, nor does he beg.

He has a circuit, which he gets over about every three months, and each time he stops with a different family. He does not wait upon the formality of an invitation, but just drives up, unhitches his horse, unties his dog from the rear of his vehicle and walks in.

SPLICE MAN'S SPINAL CORD

Surgeons Accomplish Delicate Operation at Far Rockaway on Bullet Victim.

New York.—James Rennula, nineteen, is in St. Joseph's hospital, Far Rockaway, having survived a very rare and dangerous surgical operation.

A bullet which broke two of his vertebrae also severed his spinal cord. Dr. William L. Mulchahy, assisted by Dr. B. F. Thomas, house physician and surgeon, and Dr. Sainer, a former interne, have spliced the ends of the cord. They said that, thanks to his strong physique, Rennula may live for years, although he will always be paralyzed from the waist down.

Rennula was shot by Joseph Fucci in Fucci's grocery store at Inwood, L. I. Fucci, arrested, said two men entered and he thought he recognized one of them as a relative of a "blackhander" he had sent to prison. So he opened fire, dangerously wounding both.

Dr. Mulcahy and his assistants tried to draw together the end of Rennula's spinal cord and stitch them, but they could not do so exactly. So they drew the ends as closely as possible and fixed them in place by suturing them in the spinal canal.

GIVES YOUTH $15,000 A YEAR

New York Supreme Court Raises Income, Although Father's Will Fixed It at $3,000.

New York.—J. Arthur Hinckley, five years old, had his income raised from $3,000 a year to $15,000 by the supreme court. The order was made on application of the lad's mother, widow of J. Arthur Hinckley, a wealthy yachtsman who died in Paris two years ago. Mr. Hinckley left an estate of $2,000,000, providing in his will that his son should receive only $3,000 a year until he was twenty-one.

SNOW TAMES GAME BIRDS

Connecticut Farmers Find Quail and Other Wild Fowl Roosting Among Hens.

Plainfield, Conn.—Owing to the heavy fall of snow thousands of quail, bluejays and other wild birds are driven to the shelter of barnyards.

In Canterbury a farmer went out to feed his hens and found a dozen quail roosting among them. The game wardens and assistants are building bush and feed shelters for them.

SKINNY FOLKS SHOULD FLOCK TO DAYTONA BEACH, FLORIDA.

A subscriber at Daytona Beach contributes the following testimonial of the benefits to be derived from a sojourn in that town, under the head, "What Daytona Beach did for a St. Paul family in 31 days," and says, "One family of six gained in weight as follows: the husband and father, 18 pounds, his wife 17 pounds, a daughter 15 pounds and three sons all made good gains in weight." This sounds all right for thin folks, but it would seem that people inclined to obesity had better keep away from Daytona Beach.

LEE WALLACE IN ELOPEMENT MARRIED TO BAY STATE GIRL

FORMER EMPLOYE OF DAILY NEWS SURPRISES FRIENDS BY TAKING MISS CLAPP OF MALDEN AS BRIDE.

L. L. Wallace, who for several seasons, up to the present one, was employed during the winter in the job department of the Daily News and Gazette-News office, was married recently at Portland, Maine, under rather romantic circumstances. Mr. Wallace made many friends in this city who will extend to him their hearty wishes for a long and happy married life. The following account of the wedding is taken from the Boston Journal of February 29:

Miss Priscilla A. Clapp, 21, daughter of Edward A. Clapp, of 9 Walcott street, Malden, who eloped to Portland, Me., with Leland L. Wallace of Newton Center last Monday, broke the news to her parents at their home last night and received their blessing.

The young couple both kept working since their marriage and last night they went to Malden from Boston for their supper, and when there they told the news. They completely surprised the parents, but an informal gathering was held in their honor.

Miss Clapp wanted a very quiet affair and the only possible way to have one without anyone knowing was the elopement, so the young people made the arrangements last Sunday night and left for Portland Monday morning at 9 o'clock. Directly after the ceremony they came back to Boston and went to their respective homes in order to keep it a secret.

Mrs. Wallace is employed in a Boston department store, and although she was able to keep the secret from her folks her friends in the store detected it when they saw her ring and she finally told them of the elopement.

TEXAS MAN DEAD OUTGROWTH OF A FUED.

GEORGETOWN, Tex., March 6—John Steed, father of John Beal Steed, recently tried for killing Capt. Boyce was shot dead here today by R. O. Hillard, one of his tenants. Hillard immediately surrendered. The shooting is supposed to be the outgrowth of a feud.

NEGRO ARRESTED HERE WANTED AT PALM BEACH.

Geo. H. Johnson, a Palm Beach negro, was arrested by Deputy Sheriff Melton in this city this afternoon upon telegraphic instructions from Sheriff Baker of Palm Beach county. The telegram did not say upon what charge Johnson was wanted by the Palm Beach authorities.

PERSONAL NOTES FROM DR. KLOCK'S HOSPITAL.

Mrs. Buglis, formerly of Alberta, Canada, but more recently of Daytona Beach and is now at the hospital, became the mother of a nine pound girl baby Monday. Both are doing satisfactorily.

A. M. Pellett, had so far, recovered from his recent operation as to be able to leave to hospital Monday.

Mr. Tayler of Dupont, entered the hospital Tuesday for an operation.

Walter Stanley, who is ill at the hospital is reported to be convalescing.

Mrs. Metts of Port Orange, who was operated on a week ago, is now able to be up.

Mrs. L. E. Cave of Holly Hill, who was operated on last week, is improving satisfactorily.

FORMATION OF OHIO SOCIETY NOTED IN MANY PAPERS.

The organization of the Ohio people of this city and vicinity into an association for social purposes has attracted wide attention in the north and many papers have noted the event. Many of the members of the association recently formed here are now living in Ohio and they have evidently written to their present place of residence of the society and its object and in this way the matter has been broadcasted over the north. Dr. S. W. Fowler of Delaware, Ohio, who is mainly responsible for the movement and is the first president of the association, has received newspaper clippings from papers in various parts of the north and west regarding the formation of the society, as have a number of others, among them, Prof. J. L. Wright, principal of the public school of this city. Prof. Wright was formerly superintendent of the public schools of Canal Dover, Ohio and one of the papers of that place notes the formation of the association and the election of Prof. Wright as its secretary and treasurer. Daytona has evidently received considerable advertising through this source.

Kind of Him.

"I am going to ask your father for your hand." "Oh, that will be lovely." "You are glad?" "Delighted! I will call and bring you flowers every day until you are able to be out again. I have never seen the inside of a hospital!"

Making Use of "Luck."

We don't deny that some men are "lucky," but at the same time did you ever notice what a remarkable aptitude they display in taking advantage of all the "luck" that befalls them?

THE WEATHER FOR FLORIDA

Local rains tonight or Thursday. Light to moderate variable winds.

NEW STEAMER ST. LUCIE MAY ARRIVE HERE SOON.

J. H. Howard, general manager of the Florida Costal Inland Navigation company, in a recent communication to a resident of this city says of the new boat St. Lucie, built for the company at Palatka:

"Our new boat St. Lucie came down from Palatka yesterday in seven hours, a distance of 61 miles, on 640 pounds of coal. She had on board 71 tons of freight, drawing two feet forward and 29 inches aft. The cargo consisted of lumber to build another boat. She will probably come through on a trial trip next week, and if the condition of the canal will permit she will start a regular schedule to Palm Beach at once.

"I think we have made satisfactory arrangements with Allen to run his boat to Daytona in connection with the Swan at St. Augustine, and we also have another boat about the same size to help her out as soon as the traffic will warrant."

FORTUNE OF HAWLEY AMOUNTED TO $17,000,000.

NEW YORK, March 6—The final appraisement of the Edwin Hawley estate showed a fortune of $17,000,000 was left by the railway magnate. A settlement has been made by the heirs with Margaret Cameron, a protege of the magnate, by which she is to receive a half million.

THREE BURN TO DEATH IN BOARDING HOUSE.

QUINCY, Mass., March 6—Daniel Leary, Donald Graham and Patrick McDonald were burned to death in a fire which destroyed a boarding house on Washington street today.

IMPORTANT REAL ESTATE DEAL IN THIS CITY.

O. T. Wallace, general manager of the United Realty & Auction company, arrived in the city Tuesday to take charge of the sale of the Kost & Gore addition, which lies on Volusia avenue, just beyond the main line of the Florida East Coast Ry. The property will be sold to the highest bidder on the grounds Monday, March 18 at 10:30 a. m. This is a very well known property, is close in, and will attract the attention of homeseekers as well as investors. The United Realty & Auction company has developed and sold many subdivisions in Florida this season, and the secret of their success has been in selling every lot offered without limit or reserve. The details concerning the sale will appear later in the advertising columns of this paper. Mr. Wallace will make his headquarters while in Daytona with Edmondson & Donnelly. This sale promises to be a very interesting one and one that will be largely attended, as all the desirable close in residence sites are being rapidly absorbed. Mr. Wallace states that vacant lots are scarcer in Daytona than any other town in Florida.
